All images and illustrations in this book were created using AI Imaging without enhancement or change, and all images are identified for placement in the book series *Lady Nephelē's Devilry* with book number and chapter number, for example, "Book 1, Chapter 34." The images and illustrations are not intended to be historically accurate nor to adhere exactly to the written script of the books. They are intended to be a lighthearted and enjoyable addition to the books, helping to set the mood for the recorded history that is brought to life in the books. That history carries the weight of sound research; the images and illustrations carry no such limitations, which is why the creative little EGG-Bots (which, by the way, I adore!) have free license to have some fun. I hope you also, dear reader, will have fun with these images and my EGG-Bots that created them for you.
